Dear Sir:-

We are an Educational Organization and have recently acquired two large panels containing reproductions of old Japanese gold and silver coins mounted on black velvet, with your name on the bottom. Certain of the pieces are missing and we would like to know if you can supply us with them and what the prices will be, and if reasonable we will order the same. We do not care for frames entire, only the pieces mentioned below, so that we can fasten them on to the frame.

Nanryo- 10 ryo - Oban - silver made 1593-1582. One piece.

Kyoho - 1 - Bu - Ban - gold Made 1716 - 1736. Two pieces.

Temsho - Hishi - Oban - gold made 1693 - 1692. One piece.

Hoei - Niho - Chan - silver made 1712 - 1722. One piece.

Koshu - 1 - Bu - Ban - gold made 1710 - 1714. Two pieces.

Anei N Nantyo - 2 - Shu - silver made 1722-1824. Two pieces.

Sagami - Odawara- Koban - gold, made 1573-1590. One piece.

Musashi-Higashi-Koban - gold made 1601 - 1694. Two pieces.

These are all tied with a bright red silk and I would like the same silk with the pieces.

Very truly yours,
